Here you go - no TPs, only the FAQs, of which I haven't seen the version back from HQ since the last version from HQ that asked a few questions that YFWO answered (whew!).

Just heard from Pam, nothing from HQ on this yet so we just make sure everyone knows its DRAFT at this point.

thanks, hope your allergies are ready for the season, mine are flaring and freak me out mimicing COVID symptoms!!

OH - on my YFWO call now, heard mid-May looks like possible work return - field, mntc, fire, etc. phased in first. Office workers would have more flex in continued telework (w/ support from Jody/Paul on call) considering those w/kids at home or other family who may be health compromised that an office return may affect.

Thanks!

well thats weird, not sure why she's asking you either. am guessing Mike told her to call you, you are his Go To comms pkg person! I guess he doesn't see me as the lead on this one, but no biggie -

I'll reply to he and Jenny. Jenny knows we/YFWO/she/me are leads but defers to her boss, Mike.

I don't have anything new from a month ago either...

I'm at the allergy doctor. Wondering why Jenny's asking me for this? Can you send her the latest version that went to HQ? I'm not sure what went up. Thank you!

Hi Meghan,

Mike Senn and I have been discussing the fisher talking points and, given that the final rule is due to publish very soon, I'd like to revisit them. Could you email me the most recent version?

I hope you are doing well.
