Attachments: Fisher SSN Counties.pdf

Hi Meghan,

It's not difficult at all. Attached is a map of the fisher SSN DPS with CA Counties. Let me know if this works or if there are any changes you would like for me to make.

Thank you! It would be great to have a map that includes county boundaries. How difficult is that to produce? If it's a huge lift, I can live without it. Just wanted to be prepared in case we get inquiries from county supervisors or local news outlets.

Hi Meghan,

Attached is the range map that is in the final listing rule. We did get the GIS layers from the Yreka office, so if we need to make our own map or look at the range map with county or public land ownership layers we can do that.

Hi Madeline,

Would you be able to share a copy of the final range for fisher in the rule? I think I've been working off an older version that doesn't show Inyo or Mono county in the range.

Thanks!

Meghan
