Hi Team,

Attached is the final news release, comms plan and Q&A for the fisher decision. Notifications will begin at 11AM today (tribal, congressional and federal partners). Jen, I will send you the Tribal email to send out from your account. You may get phone calls from partners soon after.

On Thursday, we will notify the remainder of our stakeholder list, including media by 8AM. That's when the links will also go live on our website. Please remember, if you get a call from the media, send them directly to me by forwarding the call to (916) 539-7494. We are doing only written responses for media inquiries, no interviews per the RO's guidance. And our office will likely only answer questions on the SSN population (Yreka will take NCSO).

Thank you for all of your work - this has been a huge lift!
Meghan

In an effort to slow the spread of the coronavirus (COVID-19), staff in the Sacramento Fish and Wildlife Office have implemented an aggressive telework schedule. At this time, we are responding to requests for information via email or phone as often as possible as we do not have the in-office capacity to support regular mail service. We appreciate your understanding.
