Subject: SpaceX Texas Launch Site - Facility Design and Lighting Plan - comments from THC, NPS, and USFWS

All –

We have received comments from NPS, USFWS and SHPO on the SpaceX Facility Design and Lighting Plan – they are attached. I'll send additional comments as they come in.

Per the PA – SpaceX will review comments, make the appropriate updates to the plan, and provide response to the comments. The FAA review the updated plan and send back out for review. I'll schedule a call to discuss the plan updates.

Please let me know if you have any questions.
