

Frog Follies with Corvallis Parks and Recreation

Winter Wildlife Field Days

Frog Follies

Help find “*Ribbit*,” a Pacific Treefrog also known as a chorus frog, and its other frog friends! These frog friends scattered after they changed from egg to tadpole to frog (metamorphosis). Corvallis Parks and Recreation heard they are living in seven parks across town. Can you help find them? When you do, you’ll learn how you can keep help other winter wildlife stay healthy, too!

Explore these Corvallis City Parks to find *Ribbit* and the other hatchlings: Bruce Starker Arts Park and Natural Area, Martin Luther King, J.R., Village Green, Lilly, Tunison, Garfield and Cloverland.

Locuras de Rana

“*Ribbit*,” una rana arborícola del Pacífico, y sus otros amigos ranas se esconden en siete parques de la ciudad de Corvallis. ¡Explora los parques para encontrarlos! También descubrirá cómo mantener saludable a otros animales salvajes de invierno.

Explora este parques en la ciudad de Corvallis: Bruce Starker Arts Park, Martin Luther King, J.R., Village Green, Lilly, Tunison, Garfield y Cloverland.
