September 2022

This is a unit of the National Wildlife
Refuge System, a network of lands
and waters managed for the benefit of
wildlife and people.

Holla Bend National Wildlife Refuge

Holla Bend National Wildlife Refuge is an important part of our National Wildlife Refuge System. One of 568 national wildlife refuges in the United States, this area was established to provide essential habitat for migratory birds in the Mississippi and Central flyways. The U.S. Fish and Wildlife Service administers the refuge system and is responsible for conserving, protecting, and enhancing the nation's fish and wildlife populations and their habitats for the continuing benefit of the American people.

Refuge Office Hours

Monday – Friday, 7 am to 3:30 pm, when staff is available. The refuge office is closed on weekends and federal holidays.

General Refuge Regulations

By law, public use activities on national wildlife refuges are prohibited unless expressly permitted. The regulations below supplement the general regulations which govern hunting and fishing on wildlife refuge areas as set forth in Title 50, Code of Federal Regulations. Hunting, fishing, wildlife observation, and photography are permitted on the refuge in accordance with applicable State and Federal regulations subject to the following refuge-specific conditions.

Access

Holla Bend is a nationally designated Fee Area, and a vehicle entrance pass is required of all visitors traveling through the refuge. Annual, daily and Federal Recreation passes are available. A daily pass for Holla Bend is \$4.00/vehicle.

A current Federal Migratory Bird Hunting and Conservation Stamp, commonly known as "Duck Stamp," is valid for refuge admission when signed by the possessor. Duck Stamps are available for purchase at any U.S. Post Office.

Holla Bend NWR sells an annual pass (\$12.50) that is valid for admission to Holla Bend only and is valid for one year from the time of purchase. The annual pass may be purchased at the refuge office or through the mail. Contact the Refuge Manager at 479/229 4300 for additional information.

The National Parks and Federal Recreational Land Passes also are accepted as entrance passes and available for purchase/issue at the refuge office:

- Annual Pass - \$80.00 (valid for one year from date of issue) call refuge for availability.
- Senior Pass - for U.S. citizens 62 years of age or older. \$80 for lifetime or \$20 for annual
- Access Pass - Free (for U.S. citizens with a permanent disability)
- Military Pass - Free (for current US military personnel and dependents of deployed military personnel)
- Volunteer Pass - Free (for volunteers with 250 service hours with federal agencies that participate in the Federal Recreational Lands Pass Program).

The Lifetime Senior and Access passes are valid for the lifetime of the pass holder. Paper versions of the Golden Age or Golden Access Passports can be exchanged for the new Senior and Access passes. Contact the Refuge Manager for additional pass information at 479/229 4300.

Vehicle Use

The maximum speed for any land vehicle is 25 mph, unless posted otherwise. Refuge roads are open year around. Vehicles must remain on established roads as indicated on the map. Vehicles may be parked alongside open roads in a manner that will not interfere with the normal flow of traffic. Do not block cabled or gated roads, field roads or trails. A cable, gate, road closed sign, or other barrier (e.g. mounded dirt) means the road is closed to all vehicle travel, including bicycles and e-bikes, but not to foot travel unless signed otherwise.

ATVs are allowed only for wildlife-dependent recreational uses by mobility-impaired individuals possessing a refuge special use permit.

Access into the refuge is through an automatically time-controlled gate. Closing times are posted near the entrance. If you are locked in the refuge or need assistance, call 911 on a cell phone and you will be connected to the Sheriff's office located in Danville.

Closed Areas

Designated areas may be closed to hunting, fishing, and all other public access for resource protection, special management, or safety reasons. All refuge access is prohibited after dark unless specifically authorized by the Refuge Manager.

Firearms and Archery Tackle

Persons possessing, transporting, or carrying firearms on National Wildlife Refuges must comply with all provisions of state and local law. Persons may only use (discharge) firearms in accordance with refuge regulations (50 CFR 27.42 and specific refuge regulations in 50 CFR Part 32). Archery tackle and crossbows are permitted only during designated hunts.

Animals/Pets

Dogs are permitted only for raccoon and opossum hunting during the specified refuge season. Other dogs and pets must be confined or on a leash. Horses and mules are prohibited.

Specific Hunting Regulations

All game harvested must be checked at the refuge check station before leaving the refuge. In addition, all deer and turkey harvested on the refuge ALSO must be checked according to state regulations. All deer, bear, and turkey must be properly

tagged before game is moved. For all deer, bear, and turkey harvested on the refuge, "Holla Bend NWR" must be used instead of a zone number for tagging and checking your game. Use "Pope County" as the County of harvest.

State bag limits apply unless otherwise noted. Only those species listed in this brochure or on refuge hunt permits may be taken.

The use of dogs for deer hunting is prohibited.

During big game seasons the automatic front gate will open one hour before daylight and close one hour after sunset.

All hunters must enter and exit the refuge from designated roads and parking lots only.

Waterfowl and other migratory bird hunting are prohibited on Holla Bend National Wildlife Refuge and parts of the surrounding area that fall within the Migratory Bird Closure Zone. Contact the Refuge Manager at 479/229 4300 for more information.

Hunters age 15 and under who have not completed hunter education must be under the direct supervision (within arm's reach) of an adult age 21 or older who possesses a valid State hunting license. One adult may supervise up to two youth hunters for upland game hunting, but may supervise only one youth during big game hunting.

Tree Stands/Blinds

Only portable stands or blinds may be used. A portable hunting stand is any device or structure used for the purpose of hunting that can be carried in its entirety and erected by hand including but not limited to tripod stands, lean-to stands, lock-on stands, ladder stands and climbing stands. One tree stand or blind per hunter is allowed and must have the owner's Arkansas Game and Fish Commission

license customer ID number permanently affixed to the stand. Stands/blinds may be erected seven days prior to the refuge deer season and must be removed within seven days after the season closes.
