

Horicon Marsh Learn to Hunt Waterfowl Application 2023

Thirty novice hunters from ages 10 through adult will have the unique opportunity to experience a mentored hunt at Horicon Marsh on the Horicon National Wildlife Refuge. The program will be hosted by the U.S. Fish and Wildlife Service, Wisconsin Wildlife Federation, Friends of Horicon National Wildlife Refuge, Wisconsin Department of Natural Resources and Ducks Unlimited.

Successful applicants must also complete the mandatory four hour orientation and training class prior to their drawn hunt date. The class will include waterfowl identification, gun safety, water safety, duck calling, range estimation and hunting tactics.

The hunts will be mentored by experienced waterfowl hunters. There will be one mentor per hunter and only the novice hunter will be allowed to hunt. Applicants are not required to have completed hunter education certification in order to participate in a mentored Learn to Hunt program but do need to obtain a DNR customer number prior to class.
