

Mill Brook Water-Use Advisory Area

All residents within the advisory zone have been contacted in advance and their water use needs have been accommodated. Advisory zone public access sites are posted while the advisory is in effect. The New York State Department of Health advises that the water in the advisory area NOT BE USED for DRINKING, DOMESTIC USE, FISHING, SWIMMING, IRRIGATION, or LIVESTOCK WATERING while in effect.

Citizens not located within the advisory zone are not subject to the advisory
