Subject: Heads Up: Idaho Department of Lands GRSG Plan
Date: Monday, February 23, 2015 10:44:04 AM

FMT:

Last week we received the Idaho Department of Land's Draft GRSG Management Plan. The Plan is out for public comment through Monday, March 2nd.

We will be drafting formal comments this week, and hope to have a draft letter to the FMT for review this Friday.

We just want to give you a heads up that the opportunity for FMT review will be very brief since we need to have our letter finalized and submitted to the State by COB Monday, March 2.

Thanks for your understanding.

Dennis
