> Hi all - per the FMT call & assignments today, I was wondering if we could touch base on the WY adaptive management triggers / responses. Montana/Dakotas hasn't developed theirs yet (so we don't have anything to "officially" review); however, it sounds like they're leaning towards following the WY lead - so it would be helpful to hear from our WY contingent how FWS views that proposed WY approach. Is there interest/availability in chatting about that for a few minutes? I'm available all day tomorrow and can fill Jodi in. Thanks!
