Subject: Re: GRSG Mitigation - your state program description
Date: Friday, November 07, 2014 6:23:51 PM

Mary-

Steve tells me he is on target to complete the species report by Tuesday, November 18. He'll have help from Gen, too. He also thinks he can give this talk. Since we've said we'd do it, I'd like us to follow through. We could ask Dan Hottle to present it, but that may not be best.

I've asked him to get with you in this Monday, and to answer your questions about it.

Thanks,

Ted

Hi all,

R1 is preparing a mitigation "primer" for the RDs this month. While we don't plan on getting into the specifics of each state's proposed mitigation programs, it would be nice to provide a brief description for each state. I think it will help illustrate the various approaches to mitigation. Could you please confirm, edit, or add language for your state below?

Three categories:

- administrator (state, other entity) & type of mitigation program (credit exchange, in lieu fee, banking, project by project, other)
- status of program development (none, early, mid, final, implemented)
- level of FWS "approval" sought for program (no approval, "thumbs up" review, signatory, pre-listing type assurances)

Much obliged,
Shauna

California: no official program – handled mainly through state ESA

Colorado: stakeholder habitat credit exchange, in final development, will request FWS pre-listing approval

Idaho:

Nevada: 1. state habitat credit exchange (for BLM actions), in final development, will request FWS pre-listing approval in Dec.;
2. single company bank agreement, in final development, is requesting FWS pre-listing approval

Utah: state administered banking system as part of overall state plan, in early planning, ?

Oregon: state administered in lieu fee program as part of overall state plan, in final development, will request FWS pre-listing approval

Montana:

North Dakota:

South Dakota:

Washington:

Wyoming: 1. State-wide core area strategy, being implemented, FWS previously endorsed;
2. stakeholder administered regional credit exchange, in development, will request FWS pre-listing approval;
3. private 3rd party bank with state-wide service area?, in review, ?
