Hey everyone -

If you remember just before thanksgiving our director and others met with BLM and FS folks in DC to resolve remaining issues for BLM/FS planning. Some of you were "on call" for questions. Some of those issues have been resolved, but not the others. I've been asked to update the table we produced for that meeting with current information. I can do a bunch of it, but would like your feedback on issues you or your state were identified as being lead for.

Take a look at the attached table and review the parts that are relevant to your state. If things are the same, just let me know. If they have changed, just let me know with verbage on how they have changed. Short verbage - no long sentences or big words! (😊).

Of course, I need this by noon Mountain on Dec. 16. my thanks and apologies, again.

pat
