I sent it to my counterparts at BLM and Montana Fish, Wildlife & Parks, as well as the Governor's Office. Did not receive any feedback.

Good afternoon

Earlier this month Matt distributed the final version of a memo detailing the Service's perspective on grazing, with an ask to share with staff and partners as appropriate.

We intend to soon do another round of outreach so we wanted to ask you to help us plan by responding with a very brief account of who you shared this memo with and what/if any feedback you received.

Thanks very much

Theo

Folks,

Please pardon any redundancy. Below is a URL for the final, signed and dated rangewide grazing memo issued recently by the ARDs-ES. Please share this with your people and our partners as you see fit. (Mike T. recently provided it to WGA and the SGTF, so it is in wide circulation.)

Also, attached are the internal communications materials for this memo. Please refer to these as necessary to inform conversations about the memo and its purpose and content with partners and other stakeholders. Please note FWS media contacts at the bottom of that document.

Please let me know if you have any immediate questions and we can discuss this further if need be on today's FMT call.

Thanks.

Matt
