Hey Theo. The best person to review this wont be back in until next week. Can it wait or should I find someone else? JB

Hi Jodi

Over the past month or so, we've put together state-specific fact sheets with some very simple data to describe GRSG and its range within state boundaries. The intended audience for this is Congressional members/staffers and secondarily, the general public.

Attached is the fact sheet for Montana.

What we're looking for is guidance on the emphasis or omission of key parts of the "GRSG story" within your state boundaries.

Please note that we've used a new, GIS-generated set of range/ownership values for each state to ensure consistency going forward. This may not be consistent with numbers the FO has used, but they are based on the most recent data sets and so I attach that document as well for your reference.

Recognizing that everyone is busy, we'd like to get the FO's comments quickly so we can get these into surname.

If you have any questions, please call.
