

Ninigret National Wildlife Refuge (NWR) Big Game Hunting Program for 2023 - 2024

The U.S. Fish and Wildlife Service will provide big game hunting opportunities at Ninigret National Wildlife Refuge (refuge) during the 2023-24 refuge hunting season. Hunting opportunities include white-tailed deer, wild turkey, coyote, and fox hunting, with some season and weapon restrictions (Figure 1). State safety regulations apply. Hunting is not allowed in safety zones. Hunters may pass through safety zones, but weapons must be unloaded in the safety zones. Some, but not all, safety zones are marked in the field. It is the hunter's responsibility to know where safety zones are located.
