3. **If** permission is granted, the HCS manager will arrange to keep the HCS open. All tracking will end 2 hours after sunset. No person shall kill or cripple deer without making a reasonable effort to retrieve the animal, even if it includes next day tracking, otherwise they risk losing their hunting privileges.

IX. SAFETY INFORMATION

Avoidance of hunting accidents is of primary concern. Strict compliance with the following rules for safety is essential.

- A. If at any time while hunting on the Refuge any ordnance is encountered (hand grenades, artillery simulators, or any other unknown metal object), do not touch or try to move it. Mark the exact location and immediately report the discovery to the HCS manager who will notify Refuge personnel at the Visitor Contact Station.
- B. Hunters must be aware of their safety when hunting around any old building foundations, septic tanks, or former wells.
- C. If you get lost, stay where you are. A search will be conducted. If you are carrying a cell phone, call the HCS at 301-317-3819.
- D. In the event of an accident or injury, initiate appropriate first aid measures and report the incident immediately to the HCS manager. If the HCS is unstaffed, call 911, and then notify Refuge law enforcement personnel (Federal Wildlife Officer Baxter) at 240-786-8283 or (Federal Wildlife Zone Captain Matt Byrer) at 413-835-5252 if FWO Baxter cannot be reached.

To ensure rapid response, give the following information:

- WHERE - Location of the emergency; be specific. Give section letter, distance from road, and accessibility to site (ground and air).
- PHONE NUMBER - Provide the phone number you are calling from.
- WHAT HAPPENED - Description of accident or injuries.
- HOW MANY - Provide the number of possible victims needing care.
- WHAT IS BEING DONE - Is first aid, CPR, etc. being performed?

Special Notes:

- At the time of publication, Maryland DNR was considering allowing hunters to leave stands in place overnight. As the question has not been decided, the refuge will continue with the practice of requiring MNHA members to remove stands each day.
- The Mentored Deer Hunt will be December 3, 2022 See Refuge website and Facebook page (<https://www.facebook.com/PatuxentResearchRefuge>) for details.

GOOD LUCK TO ALL THE HUNTERS!
