---

Thanks for the comments Terry.

I would gladly accept the BLM corridor map whenever you can get it to me.

Thanks.

Kevin,

Made a few comments. I can put together a BLM corridor map for you but not that soon.

*(See attached file: NRCS SG fact sheet comments.docx)*

Candidate Species Fact Sheet for NRCS:  
Subject Greater Sage-Grouse

[IMAGE]

[IMAGE]

Hello!

I have been tasked with developing NRCS fact sheets for the 4 candidate species in South Dakota.

The goal is to educate landowners and relate their education to TA and FA opportunities with the NRCS.

**I would really appreciate your review and feedback on this fact sheet by October 4, 2012.**

The attached fact sheet is for the Greater Sage-Grouse.

I used the SGI information and the NRCS Programmatic Agreement as the basis for the fact sheet development.

I have pretty pictures that we will insert and the fact sheet will follow standard SD NRCS fact sheet format.

I need to keep the fact sheet to a single page (front and back).

**I do not have a decent habitat suitability map for the sage grouse (just the SGI priority area map based on active leks and I did not want to divulge lek locations) so if you have a good map I could include that would be great. Chuck Berdan retired before I could obtain the BLM habitat suitability/corridor map(s).**

Thank you in advance for your help.

Cheers.
