National Wildlife Refuge

Hunting and Fishing Regulations

U.S. Fish & Wildlife Service

Welcome

Rydell National Wildlife Refuge was established in January 1992. It is located in Polk County in northwestern Minnesota and is 2,039 acres in size. The Refuge was established to protect wildlife habitat and diversity, to encourage waterfowl and other migratory bird production, and to promote environmental education and recreation. This northwestern Minnesota refuge lies on the eastern edge of the prairie pothole region, directly between the tallgrass prairie, to the west, and the broadleaf forest, to the east. It is comprised of a mosaic of habitats that include grassland, wetland, forest, and oak savanna.

Firearms

Persons possessing, transporting, or carrying firearms on National Wildlife Refuge System lands must comply with all provisions of State and local law. Persons may only use (discharge) firearms in accordance with refuge regulations (50 CFR 27.42 and specific refuge regulations in 50 CFR Part 32.).

Vehicles

No vehicles are allowed on hiking trails and aside from the entrance area, no vehicles are allowed on Refuge service roads.

Accessibility Information

Equal opportunity to participate in and benefit from programs and activities of the U.S. Fish and Wildlife Service is available to all individuals regardless of physical or mental ability. For more information please contact the U.S. Department of the Interior, Office of Equal Opportunity, <https://www.doi.gov/pmb/eeo/public-civil-rights>.
