

A map of Great Chazy Lake and its surrounding area. The lake is a large blue body of water. A thick red arc highlights a section of the lake's shoreline, indicating the advisory zone. Labels on the map include 'Coopersville' to the northwest, 'Point Au Fer' to the northeast, 'State Route 9B' along the top edge, 'Lake Shore Rd' along the western and southern shores, 'Stetson Rd' on the far left, 'Back Rd' near the bottom left, and 'W Shore Rd' on the far right. The Chazy River is visible at the bottom left.

# Great Chazy (Zone 4) Lake Water-Use Advisory Area

All residents within the advisory zone have been contacted in advance and their water use needs have been accommodated.

Advisory zone public access sites are posted while the advisory is in effect.

The New York State and Vermont Departments of Health advise that the water in the advisory area NOT BE USED for DRINKING, DOMESTIC USE, FISHING, SWIMMING, IRRIGATION, or LIVESTOCK WATERING while in effect.

Citizens not located within the advisory zone are not subjected to the advisory.
