National Wildlife Refuges in Southwest Louisiana Significantly Impacted by Hurricane Laura

Due to public health and safety concerns and Hurricane Laura Impacts to the Southwest Louisiana Refuges Complex, which include Cameron Prairie, Sabine, and Lacassine National Wildlife Refuges (Refuges), are all closed and all activities are suspended until further notice. We apologize for any inconvenience and will continue to update our websites about the status of your Refuges.

For additional information about any of the SW LA National Wildlife Refuges call 337-563-3491 or view our websites at www.fws.gov/refuge/cameron_prairie/

The Southwest Louisiana National Wildlife Refuge Complex consists of four federal wildlife refuges located in southwest Louisiana: Cameron Prairie, Sabine, Lacassine, and Shell Keys. Each of these national wildlife refuges was created to support, protect, and provide winter habitat for migratory waterfowl. The more than 184,000 acres of land contained within boundaries of the four National Wildlife Refuges in southwest Louisiana supports numerous species of both plants and wildlife

###

The mission of the U.S. Fish and Wildlife Service is working with others to conserve, protect and enhance fish, wildlife and plants and their habitats for the continuing benefit of the American people.
