Please review the available date ranges for the photography blinds and read all guidelines on the [Photography Blind Guidelines](#) webpage prior to submitting a reservation request. Submissions for the lottery drawing must be received between September 1 and October 1, after which reservation requests are received and filled on a first-come first-serve basis. The lottery drawing will be held during the first week of October. Each photographer will receive no more than two Reservation Weeks.

A Reservation Week runs from Wednesday through Sunday. Each blind may be used up to two times during the Reservation Week (Wednesday through Sunday). Blind reservation requests may consist of up to 10 blind/date combinations in priority order. If you plan to use the blind for two days during the Reservation Week, please indicate both days you intend to use the blind during that period (if you are assigned your 2 choices for the week and later need to change your days, please contact us as soon as you know so we can update our calendar). If you do not wish to plan a second day within the Reservation Week, please write N/A. Note: both dates for each choice must be within the same Reservation Week. You may list different blinds during the same week as different choices.
