This is a unit of the National Wildlife Refuge System, a network of lands and waters managed for the benefit of wildlife and people.

General Regulations

Theodore Roosevelt NWR Complex (TR Complex) Annual Public Use Permit (Valid August 1 through July 31 each year)

The TR Complex provides a wide variety of wildlife-dependent public uses such as hunting, fishing, photography, environmental education, and nature/wildlife observation. Visit the national wildlife refuge website at <https://www.fws.gov/refuges/> for more information.

A permit is required for hunting and fishing. Visitors do not need a permit to scout. Each person participating in hunting (including calling and/or videoing) or fishing on the TR Complex is required to possess a TR Complex Annual Public Use permit. Hunters and anglers 16 years of age through 64 years of age must purchase the permit for \$25 (that includes a \$5 processing fee). The permit is **free** for all youth 15 years of age or under and adults 65 years of age or older.

Create an account, get a permit, and check-in/out prior to your visit at:

<https://trcomplex.recaccess.com>

The permit must be in your possession (paper or an electronic copy/screenshot) whenever hunting or fishing on the refuge and acknowledges your understanding of refuge regulations. In addition, all users participating in hunting or fishing must possess all applicable state and federal licenses. Each permit is non-refundable, non-transferable, and is required in order to be eligible to apply for TR Complex Limited Draw Hunts. Youth are required to possess a permit when participating in Limited Draw Hunts or Youth-only hunt. For technical support with your RecAccess account, email questions to support@recaccess.com.

Daily Visitor Information

All individuals that are either **hunting or fishing** must self-check-in/check-out through the RecAccess online system or by using a Daily Visitor Information Card (refer to map for kiosk locations). If using the paper card, please print legibly. The card must be displayed on the vehicle dash for each hunter or angler and submitted prior to leaving the refuge (if the RecAccess online self-check-in/check-out is not used).

Everyone must check-in/check-out even if participating in a group. All harvested game and fish must be accurately recorded per person. Visitors that are not hunting or fishing are encouraged to check-in/check-out through the RecAccess online system or display and submit a Daily Visitor Information Card.

Firearms

Persons possessing, transporting or carrying firearms on NWRs must comply with all provisions of state and local law. Persons may only use (discharge) firearms in accordance with refuge regulations (50 CFR 27.42) and specific refuge regulations (50 CFR Part 32).

Closed Areas and Times

Temporary or permanent closure of areas across the TR Complex may occur due to unforeseen circumstances. Please check for on-the-ground signage, check stations, entry points, kiosks, and/or on the TR Complex social media page for updates.

U.S. Fish & Wildlife Service

All other public activities on the TR Complex are prohibited during firearm deer hunts and Limited Draw Hunts. Refer to TR Complex Hunt Season Table at the end of the brochure for an updated list of scheduled hunts and dates.

Hunter Orange

All deer hunters (including while in the stand) must wear at least 500 square inches of solid unbroken fluorescent orange material visible above the waistline, from November 4, 2023 – January 31, 2024. During small game season at Bayou Cocodrie NWR, this requirement includes wearing a fluorescent orange hat or cap when in hunting zones.

Ground blinds must display a minimum of 400 square inches of hunter orange visible from all sides.

Rabbit and quail hunters must follow state regulations regarding hunter orange. At St. Catherine Creek NWR, hunters of upland game (squirrel, rabbit, raccoon, opossum, beaver, nutria, and coyote) must wear a hunter-orange hat and upper garment when hunting in open fields or tree plantations.

Tree Stands and Blinds

Valid permit holders are allowed to possess and hunt from one portable stand or blind. Identifiable information (e.g., State hunting license number, RecAccess ID#, or name/ phone number) must be displayed on tree stands or blinds, or they will be subject to removal. A stand or blind **does not** reserve hunting locations. A stand or blind may be placed 48 hours prior to hunt (not hunt season). Stands or blinds must be used within 48 hours, or they will be considered abandoned and will be subject to removal.

While climbing a tree, installing a stand that uses climbing aids, or while hunting from a tree stand, hunters must use a fall arrest system that is manufactured to Tree Stand Manufacturers Association Standards. Tree saddle users must remain connected to the tree at all times by means of a lineman's belt or a tether.

At St. Catherine Creek and Bayou Cocodrie NWRs, wheelchair-accessible blinds are available with advance reservation to mobility-impaired hunters as defined by the state. Contact the office at 601-442-6696 to make a reservation.

height must be elevated above the ground a minimum of 10 feet.
