

Two Job Opportunities @

John Heinz National Wildlife Refuge &
Patuxent Research Refuge

Apply Now!
Closes 7/19/23

Park Ranger (GS-7/9 (FPL-11))

Two Park Ranger positions are now open at Patuxent Research Refuge in Laurel, MD & John Heinz NWR at Tinicum in Philadelphia, PA. Both urban refuges have the opportunity to share the outdoor world with millions of people with their proximity to large metropolitan areas. The work happening in these locations are the focal point of successful conservation today, as we work to "do" conservation with "all" people. If you have that passion, are excited about *knowing* new audiences, and you love working with a dynamic team, you should put your name in the hat. These are permanent positions with growth opportunity at the stations.

- Take a look at the facebook pages to see what each station is up to:
