

Waterfowl Production Area Grazing Bid Form

You may bid on more than one WPA Bid Packet, but you may not combine Bid Packet. If you are the successful bidder on more than one WPA in which multiple bids are received, you will be limited to one WPA of your choice. Bids should consider all work that needs to be done on the WPA in association with grazing cattle on the WPA (i.e. fence repairs, electric fence, hauling water, etc.). Deductions for this work will not be taken into consideration during the billing process so please take this into considerations when providing bids. The Service may provide fencing materials for significant fence repairs. It is the responsibility of the potential cooperator to identify these material needs prior to bidding and include an estimate of materials when submitting a bid.

I have read, understand, and agree to the regulations, conditions and eligibility requirements for grazing and submit this bid accordingly.

Grazing WPA: _____

Grazing Bid (price per AUM): _____

Grazing Bid (Total Amount): _____

Estimated Fencing Material Costs (will not be deducted from final bill): _____

Signature

Date

Name: _____

Address: _____

Phone: _____
