Vegetated	US5					M N P	●	R S	●	●		A C J (K)		●	●	R S	A C J K

Unknown Perennial R5: This Subsystem designation was created specifically for use when the distinction between Lower Perennial, Upper Perennial and Tidal subsystems cannot be made through remote sensing and no supplementary data are available. Use is limited to the Unconsolidated Bottom class.

* The K Water Regime should not be used in the Riverine System.
