## National Wildlife Refuge Hunting Regulations & Permit 2021-2022

### General Provisions

Wheeler National Wildlife Refuge is one of over 560 national wildlife refuges. The primary objective of a national wildlife refuge is to provide habitat for the conservation and protection of all species of wildlife. The harvest of surplus animals is one tool used to manage wildlife populations. Carefully managed hunts maintain wildlife populations at a level compatible with the environment, provide wholesome recreational opportunities and permit the use of a valuable renewable resource.

The regulations listed below supplement the general regulations which govern hunting on wildlife refuge areas as set forth in Title 50, Code of Federal Regulations.

**State bag limits, arms and ammunition and other applicable State regulations apply.**

### General Hunt Regulations

Public hunting on Wheeler National Wildlife Refuge is permitted on approximately 18,000 acres.

Squirrel, raccoon, opossum, quail and rabbit hunting is prohibited west of Flint Creek (see map).

No hunting or discharge of firearms is allowed in the Triana Recreation Area or within 50 yards of any walking trail or boardwalk. Hunting from any roadway is prohibited.

No overnight camping is allowed.

Mules and horses are prohibited on all refuge hunts.

Hunting is allowed Monday-Saturday. No Sunday hunting.

Dogs may be used to hunt rabbit, raccoon, quail, squirrel and opossum and must be controlled by the owner/handler at all times.

Hunters may not hunt from a tree in which a metal object has been inserted that is capable of supporting a hunter. **Tree stands, blinds, game cameras or other personal property must be removed after each day's hunt. No game cameras may be left on the refuge.**

### Wheeler National Wildlife Refuge Hunt Permit 2021-2022

This portion of the permit must be signed by you and in your possession while hunting and indicates you have read, fully understand and consent to all conditions listed in the Wheeler NWR hunting regulations.
