INSTRUCTIONS

1. Prepare the NOA and send a copy to PPM (Sara Prigan) for N #, early review, & latest changes from HQ – or docket # for use of regulations.gov for comments (Marcia Cash – see docket request form) if expecting a lot of comments. Also provide a copy to your External Affairs contact at that time. After receiving PPM edits:
2. Prepare the Signature Package for **Regional Director** signature, consisting of:
 - Note to Reviewer
 - Final copy of the NOA for the draft EIS (or final EIS and ROD for final packages) with dates to correlate with EPAs public comment period (can be left highlighted until PPM approval);
 - Informational Memo (IM) for the Secretary (must be approved by the RD/DRD);
 - NOA Cover Sheet/List of High Level Reviewers;
 - Solicitor's surname (since it is outside of the DTS system);
 - Cover letter to the Director of the *Federal Register* requesting publication; and
 - Transmittal letters – EPA Region 6 Office – or Region 9 Office if Arizona, the National NEPA Coordinator, & the DOI Natural Resource Library

Route for surname (check with your region for specific routing): Lead biologist, Branch Chief/ Regional HCP Coordinator, Solicitor, Division Chief, ARD ES, ARD EA (for review of Informational Memo to the Secretary only), & RD/DRD

3. After Regional Director (or acting) signature is obtained:
 - Send copies of the NOA, IM, SOL surname, and list of high level reviewers to PPM for approval/clearance of the notice via DTS (all documents must be reviewed and approved by the lead biologist before going on surname – and if questions, through the Branch Chief or

EIS Filing & Distribution August 1, 2016

Regional HCP Coordinator).

- Send PPM (Sara Prigan) an e-mail to let her know you're sending it through DTS
- Approval will come back as an e-mail message from PPM to the Branch Chief/ Regional HCP Coordinator or the requesting biologist.

Note: DO NOT send the NOA to the *Federal Register* until you have clearance from HQ-PPM

4. After approval/clearance from the Secretary's office, coordinate the approved *Federal Register* publication date with the EPAs publication date to the best of our abilities.
 - Call FR NOA scheduling to determine the time from receipt to publishing, OR
 - To correlate publication dates, send a cover letter to the Director of the *Federal Register* requesting publication on a particular date, signed by the ARD, when you know EPAs publication date.

(Note: EPA publishes notices only on Fridays, and the EIS must be uploaded by 5:00 PM EST on the Friday prior to the Friday of desired publication; e.g for EPA to publish on Friday, July 19, the filing package must be with EPA on or before 5:00 PM EST, Friday , July 12). **EPAs FR publication date in the *Federal Register* is the official START DATE** of the *comment period*. The official **END DATE** of the comment period is also listed in EPA's notice (we will determine this date depending on whether it is a draft EIS [90 days] or a final EIS & ROD [30 days]). Unless we are certain of the closing date, our NOA should not list the comment period's closing date. Instead, it may state the length of the review period to follow after publication of EPA's notice of availability. Extensions of comment periods do not require a separate *Federal Register* notice.

5. Work with External Affairs to ensure that the outreach package is complete.
6. Upload the EIS onto e-NEPA at <https://cdx.epa.gov>

Ensure that courtesy copies of the EIS and NOA have been or are being sent to the appropriate parties prior to publication:

- 2 copies (1 Paper, 1 CD) of the EIS and courtesy photocopy of the NOA to the EPA

EIS Filing & Distribution August 1, 2016

7. If using regulations.gov, ask Marcia Cash to upload docs from DTS

Preparing Your EIS Document for Electronic Submission

All pdf documents must meet EPA's online pdf requirements

File Size Requirements

Files posted for the public must be in pdf format and must not exceed 50MB.

If working with a contractor, you can have the contractor ensure that documents meet the following requirements (it's standard practice).

If the document is larger, please divide it into chapters or subchapters, if necessary.

Adobe's ***Reduce File Size*** option will compress portions of the document, and offers the opportunity to limit backwards compatibility, which can further reduce file sizes.

http://help.adobe.com/en_US/acrobat/pro/using/WSFCDFBF6D-795A-4364-BA93BB157AAD53ED.w.html

Formatting your EIS Document for Electronic Submission

It is recommended to format the filenames with the chapter or subchapter number first, followed by its name

Example: *Chapter 1 – Purpose and Need*

If submitting a single file, please use the full EIS title as the filename.

All documents must be searchable. Most PDFs (other than scanned documents) are already searchable. For documents with unsearchable text, please run an optical character recognition.

Metadata

EPA requires metadata be entered in *Document Properties* for *Title*, *Subject*, *Author*, and *Keywords*. *I recommend that you create a word doc with the pertinent information in it so you can cut & paste rather than typing information into each field (see attached example).*

Use the title of the document for both the *Title* and *Subject* fields.

Use the name of your agency in the *Author* field.

Please see the link below for guidance on appropriate keywords.
