Education Classroom & Laboratory ■ Bee Apiary

Friends of Coastal South Carolina

Friends of Coastal South Carolina is dedicated to preserving the ecosystems and wildlife of the South Carolina coast for future generations and support our national wildlife refuges and forest through education programs, advocacy work and by engaging citizens in stewardship of our treasured resources. Learn more about Friends by visiting www.sccoastalfriends.org and [Facebook.com/sccoastalfriends](https://www.facebook.com/sccoastalfriends)

Things to Do

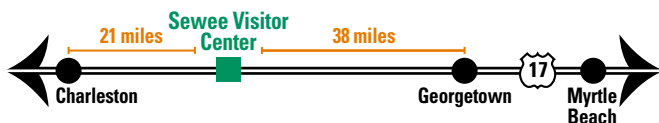

- Visit the Red wolf viewing area to observe these endangered animals in a natural habitat.
- Enjoy the interactive exhibits featuring forest to sea ecosystems.
- View our 15 minute video that describes the history and management of the forest, refuge and recreational activities.
- Obtain recreational guides to trails, camping, canoeing and kayaking, hunting and fishing.
- Walk the one-mile Nebo Trail that passes through freshwater ponds, swamp bottomland and the upland forest.
- Bring the family to a Saturday nature activity or walk.
- Visit the pollinator garden to observe butterflies feeding on native plants.
- Visit the bee apiary to view honey bees busy at their hives.
- Browse the nature store operated by Friends of Coastal South Carolina.

For Educators

Bring your students to Sewee to learn about the refuge and forest ecosystems. Environmental education programs are led by professional naturalists in classroom and field study settings and exceed SC Curriculum Standards. Call the Center to schedule your students or email educator@sccoastalfriends.org
