

Visitor Tour Guidelines

To better enhance our tours and events we ask that our guests follow the guidelines listed below.

1. Pets will not be allowed on any tour.
2. For your safety and tour enjoyment, we recommend that all participants wear closed-toe shoes, bring a bottle of drinking water, sunscreen, and bug spray (please apply away from the other participants).
3. For your comfort and enjoyment, we suggest that you dress for the weather, wearing or bringing layers. It is also a good idea to carry a lightweight rain jacket for unexpected showers or cooling weather.
4. Practice “pack it in, pack it out”. Any trash, including biodegradable food and
5. packaging, is to be taken back with the participant and disposed of off-site.
6. Attendees must arrive early enough to use the restroom prior to tour start time. If tour is scheduled to start at 9, it will be pulling out of the meeting area at 9.
7. Leave all plants and animals alone. **DO NOT** engage in any of the following:
 - a. Eating any leaves and/or berries found alongside trail
 - b. Approaching, handling, or attempting to feed any wildlife
 - c. Collecting any material, with the exception of trash, on refuge property
8. Be aware of your surroundings. The refuge is home to venomous snakes, alligators, burrowing animals, and some endangered species. Stay safe, when getting on and off the tour wagon watch your step and try not to disturb any habitats or animals with loud noises.
9. As a courtesy to all visitors, those that sign up and are no shows will not be allowed to sign up for another tour.
