

Peninsular Florida Workshop

Closeout Session, December 10, 2009

Potential Structure for LCC

- 1) “buy in” to the State framework and move forward with that
Find a way to present to other partners and give them an opportunity to buy in also
- 2) Internal consensus on direction (get immediately)
- 3) Have another workshop with key partners to further discussions about SHC/LCC’s
- 4) Do the workshop by 2nd quarter 2010 – be sensitive to their schedules when organizing
- 5) Biologists look at focal species, etc. from State plan and provide feedback
- 6) Engage larger group of partners – when?

Key Points

- 1) We need to be a better partner
- 2) Refuges do not feel as plugged into partners as ES does

Next Steps

- 1) Leadership/Scoping Team
 - a. John Galvez
 - b. Stefani Melvin
 - c. Craig Watson
 - d. Dave Hankla
 - e. Thomas Eason (FFWCC)
 - f. Paul Souza
 - g. Sylvia Pelizza
 - h. Need NPS, USGS commitment/ reps
- 2) Conference call January 13, 2010 – Dave Hankla to set up
