General Information

Lower Suwannee National Wildlife Refuge (LSNWR) encompasses over 53,000 acres along the Suwannee River in Dixie and Levy Counties. Over 190 miles of roads and trails provide vehicle or foot/bicycle access to many habitat types open to a variety of public hunting and recreation opportunities.

All general Refuge regulations, mapped restrictions, and mapped designations apply unless specifically addressed in this leaflet. Please note that forest management or maintenance activities, including prescribed burns and logging operations, may occur at any time during the year. The Refuge is not responsible for damage to or theft of tree stands. The Refuge reserves the right to temporarily close roads or land areas for any management reason without prior notification.

The Annual Hunter Working Group meeting will be held at Refuge Headquarters on the third Thursday in April, at 2:00 pm. Please contact the Refuge Manager (352-493-0238 x 224, or 703-622-3896) to attend.

The following regulations supplement Florida State hunting regulations and general regulations governing hunting on LSNWR set forth in Title 50, Code of Federal Regulations.

Permit Requirements

All hunters must purchase and possess a LSNWR Hunting Permit and a State of Florida Hunting License, unless otherwise exempt. A current LSNWR Hunt Brochure must be signed and in possession by all adult hunters. Hunting permits can only be purchased through the Florida Fish and Wildlife Conservation Commission (FWC) licensing website (<https://myfwc.com/license/limited-entry/lower-suwannee-hunts/>), county tax office, or other outlets that sell State licenses (Permit Vendor Code is 7800). A LSNWR hunt permit will be required for all hunters, ages 16 and older, to hunt during all Refuge hunts. Youth hunters 15 and under are not required to possess a LSNWR hunt permit. Unless otherwise exempt, hunters are required to have appropriate archery, muzzleloader, deer, and turkey stamps/permits. Unless exempt, waterfowl hunters are required to have appropriate State and Federal waterfowl stamps.

Successful hunters are required to report their bag to the FWC's Harvest Reporting System within 24 hours of harvest. See the FWC's Florida Hunting Regulations handbook, available at <https://myfwc.com/media/21998/deer-harvest-log.pdf>, for deer harvest reporting instructions. These reports allow us to

better determine population health, numbers, and stability.

NOTE: Absence of accurate and timely bag reports will result in shortened seasons or cancelled hunts.

General Hunting Regulations

Persons possessing, transporting, or carrying firearms on National Wildlife Refuges must comply with all provisions of State and local law. Persons may only use (discharge) firearms in accordance with Refuge regulations.

A State-issued photo ID must always be in possession while on Refuge property.

All motorized land vehicles must be State-legal and are restricted to designated roads shown on the map. Vehicles must park so they do not block roads or gates. All-terrain vehicle use (ATV/UTV, etc.) is prohibited.

Hunters (including all persons accompanying hunters) must comply with State of Florida fluorescent orange safety clothes requirements during all Refuge deer hunts except archery.

In addition to State of Florida hunter education requirements, hunters under the age of 16 must be supervised by an adult 18 years of age or older and must remain within sight and normal voice contact of the youth hunter. During Waterfowl, Small Game, and Family Hunts, one adult may supervise no more than two youth hunters. During Archery, Muzzleloader, General Gun, and Spring Turkey Hunts, the adult may supervise only one youth hunter.

Dogs may only be used as an aid to take raccoons during the raccoon night-hunting season and for waterfowl season. Otherwise, dogs must always be leashed under the direct control of the handler.

Hunters using the Refuge are subject to inspection of licenses, permits, hunting equipment, bag limits, vehicles and their contents, during compliance checks by Federal or State officers.

Temporary tree stands may be left on the Refuge starting one week before Archery Season and must be removed one day after the end of General Gun Season. Temporary tree stands may be left on the Refuge starting one week before Wild Hog Season and must be removed one day after the end of that season. All tree stands left on the refuge must display the hunter's name and hunting license number legibly written on or attached to the stand. Tree stands not in compliance may be confiscated and disposed of according to Federal Regulation.

Flagging, reflective markers, paint, litter, or pins may NOT be used for marking in any manner on refuge property, with the exception of the following: clothes-type pins or removable clips with reflective or colored markings can be used for the temporary marking of vegetation in order for identifying a route of travel to or from a tree stand. These pins must be removed by the end of the scheduled deer season. Each clothes-type pin or clip must contain both the name and hunting license number of the hunter.

Hunters may enter no earlier than 1 and 1/2 hours before legal sunrise and must be out of the woods no later than 1 and 1/2 hours after legal sunset.

Special Needs Hunts are considered; call the Refuge to discuss such requests.
