

General Introduction

Wapanocca National Wildlife Refuge, established in 1961, is one of over 565 national wildlife refuges administered by the U.S. Fish and Wildlife Service. The primary objective of the Refuge is to provide habitat for migratory birds. The Refuge is located in Crittenden County, Arkansas.

Hunting, fishing, wildlife observation and photography, environmental education, and interpretation are priority public uses of the National Wildlife Refuge System. These wildlife-dependent uses are carefully managed on Wapanocca National Wildlife Refuge to ensure they are compatible with refuge purposes and provide safe, high-quality, low-impact, recreational opportunities.

Users of the Refuge must obey all signs pertaining to visitation, access, and public use regulations. All public uses, including hunting and fishing, are conducted in accordance with state and federal regulations as supplemented by the following special refuge regulations.

Access and Vehicle Use

Refuge open to daylight use only with the exception that hunters may enter the refuge at 4 am and must exit by one hour after legal shooting time ends.

* The Refuge is closed to ALL other entry and public use November 17 - 18, 2018 during the Quota Gun Deer Hunt. Only Quota Gun Deer Hunt permit holders are allowed to enter or use the Refuge during this hunt and only for the purpose of deer hunting and incidental take of feral hogs.

Portions of the Refuge are closed as waterfowl sanctuary (see map) and are closed to ALL entry and public use, including hunting and fishing, from December 1 through February 28.

Many graveled refuge roads are open to the general public. However, roads may be closed at any time road conditions or other administrative needs warrant. A locked gate or other barrier, road closed sign, or no motorized vehicle sign means the road is closed to ALL motorized vehicle travel but not to foot or bicycle travel unless signed otherwise.

All vehicles and bicycles must stay on maintained roads or established parking areas. All vehicles must meet all applicable federal and state requirements regulating the use of a licensed motor vehicle. Modified vehicles equipped with oversize tractor lug tires are prohibited.

Motor vehicle speed limit is 25 mph unless otherwise posted.

ATVs are prohibited, except for use by mobility-impaired hunters possessing a Special Use Permit issued by the Refuge Manager.

Horses/mules are prohibited.

Airboats, personal watercraft (jet-ski, etc), and hover craft are prohibited.

You must use the public boat ramp off Highway 77 to launch motorized boats into Wapanocca Lake. Boats may not be left overnight on the Refuge. ALL boats are prohibited on Wapanocca Lake and Woody Pond from December 1 through February 28.

The boat launch access canal to Wapanocca Lake is a “No Wake Zone.”

Both Units are open to small game and deer hunting according to Wapanocca NWR hunting seasons, general hunting regulations, and other regulations governing public use activities. A Wapanocca NWR general permit is required for all hunting activities. A permit copy is located on the front of this brochure or may be downloaded from the refuge website at: www.fws.gov/wapanocca.
