Overflow National Wildlife Refuge
Overflow National Wildlife Refuge (NWR) was established in 1980 to preserve one of the remaining bottomland hardwood areas considered vital for maintaining mallard, wood duck and other waterfowl populations. Public hunting is permitted on approximately 13,000 acres during specific times of the year.

General Regulations
Public use regulations are designed to protect the sportsmen and wildlife populations. The regulations below supplement the general regulations which govern all public use on National Wildlife Refuges as set forth in Title 50, Code of Federal Regulations. All users are permitted on the refuge in accordance with state and federal regulations as supplemented by the following special refuge regulations contained herein.

Individuals with fish and wildlife related violations may be denied permits for any refuge activity.

Permits
Refuge access permits are required for all refuge users. When signed and in your possession, the cover section of this brochure serves as your permit for all permissible refuge activities and acknowledges your understanding of the regulations contained herein.

Special Hunts
Special Hunt permits are required in addition to the Refuge Access Permits. Permits are non-transferable and non-refundable. Applications for the Special Youth Turkey Hunt permits will be accepted during the month of January.

Commercial/Special Use Activities
No person including but not limited to a guide, guide service, outfitter, club or other organization shall provide assistance, services, or equipment on the refuge to any other person for compensation. For the purpose of this regulation, any fee paid or services rendered to a person for lodging, meals, club membership or similar services will be considered compensation. Violation of this regulation subjects each hunter in the party to a fine if convicted of this violation.

A Refuge Special Use Permit is required for all commercial activities on the refuge. Permits may be obtained by contacting our Refuge Headquarters with a formal request. All Special Use Permit applications will be subject to a two week turn-around time and applicable fees.

Motor Vehicles
All motor vehicles are restricted to normal passenger vehicle roads. Roads and trails may be closed to vehicle use due to periods of high water, during wildfire occurrences or other natural events that may pose a hazard to public safety. All Terrain Vehicles (ATV) and Utility Terrain Vehicles (UTV) are allowed on roads, trails and levees designated by ATV signs and are marked with yellow paint. The use of ATV/UTVs is restricted to wildlife-dependent recreation only. Trails marked by yellow paint are open September 1 - January 31. We define an ATV and a UTV as an off-road vehicle (not legal for highway use) with factory specifications not to exceed the following: engine size not to exceed 700cc displacement, a width of 63” or less and tires with maximum 1” lug height and maximum allowable tire pressure of 6 psi. Bicycles are permitted on roads and designated ATV trails. The maximum legal speed for any land vehicle is 25 mph.

Firearms/Ammunition
Persons may only use (discharge) firearms during authorized hunting seasons while attempting to take game species and/or wildlife species approved for incidental take. All hunting weapons used on the Refuge must comply with state regulations for each game species. Possession of shot larger than that legal for waterfowl hunting is prohibited. Lead shot is prohibited Refuge wide except during Quota Turkey Hunts. Only rimfire rifles no larger than .22 caliber and shotguns are permitted except during the Muzzleloader and Gun Deer Hunts when hunting equipment legal for these hunts is also permitted. The use or possession of buckshot is prohibited Refuge-wide.

Persons possessing, transporting, or carrying firearms on National Wildlife Refuges must comply with all provisions of state and local law. Persons may only use (discharge) firearms in accordance with refuge regulations (50 CFR 27.42 and specific refuge regulations in 50 CFR Part 32).

Animals/Pets
DOGS are allowed for hunting migratory birds and small game during designated seasons. Dogs and other pets not being utilized for wildlife-dependent recreation must be on a leash. Horses may be used on roads open to vehicles and trails and levees that are open to ATV’s/UTV’s for on-refuge, wildlife-dependent activities only. Horses are prohibited during the Muzzleloader Hunt.
