

## Peer Review Plan

### Draft Amendment to the *Callirhoe scabriuscula* (Texas Poppy-Mallow) Recovery Plan.

#### About the Document(s)

**Title:** Texas poppy-mallow (*Callirhoe scabriuscula*) Recovery Plan, Draft Amendment 1

**Estimated Dissemination Date:**

May 2019

**Purpose:**

The U.S. Fish and Wildlife Service has identified best available information that indicates the need to amend recovery criteria for *Callirhoe scabriuscula* (Texas poppy-mallow). In this proposed modification, we evaluate the existing recovery criteria, show amended recovery criteria, and provide the rationale supporting the proposed recovery plan modification. Once finalized, the modification will be an addendum that supplements the recovery plan, superseding only the affected recovery criteria from the previous recovery plan version.

#### About the Peer Review Process

**Type of Review:**

Influential

**Timeline for Peer Review:**

May – June 2019

**Reviewers:**

The Service will solicit reviews from at least three independent scientific reviewers with expertise in *Callirhoe scabriuscula* and/or native plant conservation in Texas. Reviewers will be selected based upon the following criteria:

- **Expertise:** Knowledge and experience in the ecology, conservation, management, or natural history of *Callirhoe scabriuscula* or other native plant species of concern in Texas.
- **Independence:** Reviewers are not employed by the U.S. Fish and Wildlife Service. Academic and consulting scientists have sufficient independence from the U.S. Fish and Wildlife Service or the Department of the Interior if the government supports their work.
- **Objectivity:** Reviewers are recognized by their peers as being objective, open-minded, and thoughtful. The reviewers should be comfortable sharing their knowledge and identifying their knowledge gaps.
- **Advocacy:** Reviewers are not known or recognized for an affiliation with an advocacy position regarding the protection of this species under the Endangered Species Act.

- Conflict of Interest: Reviewers should not have any financial or other interest that conflicts with or that could impair their objectivity.

### **About Public Participation**

A 30-day public comment period for the draft amendment will begin when the Notice of Availability publishes in the Federal Register. During this period, the public will have the opportunity to review and provide input to the draft recovery plan amendment. The U.S. Fish and Wildlife Service will also implement an outreach plan to provide ample opportunity for public involvement in the review process, and the draft amendment will be posted on U.S. Fish and Wildlife Service websites with solicitations for public comment.

The draft recovery plan amendment will be available at:

<https://ecos.fws.gov/ecp0/profile/speciesProfile.action?spcode=Q1TT>

This peer review plan is available on this website to allow the public to monitor our compliance with the Office of Management and Budget's Final Information Quality Bulletin for Peer Review.
