Re: Georgetown's future water supply

Dear Mr. Boyd:

As the City of Georgetown plans for future and additional municipal water sources, the City is not including additional Edward's Aquifer water in those plans. Additional future water supplies will be from surface water or non-Edwards wells.

Please contact me if you have any questions.

Sincerely,

Paul E. Brandenburg
City Manager

cc: Mayor George Garver
City Council

Jim Briggs
General Manager of Utility Operations

Laurie Brewer
Assistant City Manager

Glenn Dishong
Utility Director

David Munk
Water Utility Engineer
