Dear Mr. Sears:

This letter provides a correction to the Fish and Wildlife Service's letter of May 11, 2001, amending the Ongoing Grazing Biological Opinion to the Buck Springs Allotment for the 2001 grazing season. Due to an editing error, the meaning of the last sentence of the last paragraph of the Effects of the Action section of our letter (page 4), was inadvertently changed. That sentence states "Therefore, additional take is expected." This sentence should read "Therefore, no additional take is expected."

If you have questions or if we may be of further assistance, please contact Michele James (520) 226-0007 or Steve Spangle (520) 226-0250.

Sincerely,

/s/ David L. Harlow
