Memorandum

To: Service Directorate  
From: **Acting** Assistant Director – Business Management and Operations  
Subject: Single DUNS number - 151157950 - for Service-wide Use

The Service has migrated to a single DUNS number. DUNS stands for "Data Universal Numbering System" and is a unique nine-digit numbering system that is used to identify a business or government office.

The only DUNS number that will remain active for the Fish and Wildlife Service is 151157950. Please use this number on all documents that require a DUNS number. The Corporate Master Table will be updated to reflect this change and the National Business Center will update the DUNS numbers on any agreements they handle on behalf of the Service.

Should you have any questions about this matter, please contact Kathy Scully with the Division of Financial Management at (703) 358-1862 or [kathleen\\_scully@fws.gov](mailto:kathleen_scully@fws.gov).
