#### **Application Instructions**

To ensure your application is fully completed and submitted properly, please review the following instructions:

- Fill out name, address, phone number and email information neatly and completely. If you are selected to hunt on the refuge, the contact information on your application will be used to notify you, so please print legibly.
- Complete Hunter Orientation Exam Answer Sheet ONLY and attach it to your hunt application.**
- The refuge offers a hunt unit that meets Americans with Disabilities Act (ADA) accessibility requirements. Circle Box # 7 on the hunt application form if you possess a state-issued "Permit for Hunter with Disability" and you are interested in being assigned to this unit if selected.
- Archery hunters are required to use portable tree stands in one of the hunt zones. If you are unwilling or unable to hunt from a tree stand, please contact us at the number listed below.
- Please rank the archery hunt periods in order of preference (1 - 4). The dates are as follows: Archery 1; October 18<sup>th</sup>-19<sup>th</sup> 2013, Archery 2; November 1<sup>st</sup>-2<sup>nd</sup> 2013, Archery 3; November 22<sup>nd</sup> -23<sup>rd</sup> 2013, and Archery 4; December 14<sup>th</sup> 2013. **Please note that the hunt on December 14<sup>th</sup> is a 1-day hunt session.** During the lottery, you will be assigned to your preferred period if slots are available. If selected, you will be eligible to participate in the remaining archery sessions as a standby hunter.
- Please rank the shotgun hunt periods in order of preference (1 - 2). The dates are as follows: Shotgun 1; January 6<sup>th</sup>-7<sup>th</sup> 2014 and Shotgun 2; January 23<sup>th</sup>-24<sup>th</sup> 2014. During the lottery, you will be assigned to your preferred period if slots are available. If selected, you will be eligible to participate in the remaining shotgun sessions as a standby hunter.
- The application fee is \$10.00 per application. This is an administrative fee that is non-refundable, even if you are not selected to hunt. Please include a check or money order payable to the U.S. Fish and Wildlife Service with your application package.
- Applications must be postmarked or returned to the refuge by August 16, 2013. Late and/or incomplete applications will not be accepted.
- Results of the drawing for hunt permits will be available on September 13, 2013.
- All applicants will be notified by mail with the lottery drawing results.
- Hunters age 16 or 17 may be accompanied by a licensed non-hunting adult if desired.
- Hunters under age 16 must be accompanied by a licensed non-hunting adult.

## Wertheim National Wildlife Refuge Hunter Orientation Information

### NEW FOR 2013-2014 HUNT SEASON

- \* Updated standby system
- \* Updated Preferred Hunter Incentive Program

#### Updated Hunter Standby List

In order to maximize the potential deer harvest and hunter participation, the hunter standby system has been updated for the 2013-2014 season to increase hunting opportunities. During the 2013-2014 season there will be no separate standby list. All hunters selected to hunt during the archery season, will be eligible to participate as standby hunters during all other archery sessions. All hunters selected to hunt during the shotgun season will be eligible to participate as standby hunters during all other shotgun sessions. When the refuge is notified that a hunter is unable to attend their assigned hunt session, a standby hunter will be used to fill that slot.

Standby hunters will be notified via telephone if they have been selected to fill a canceled hunter's slot as cancellations are received. Standby hunters may arrive at the Wertheim hunter check station one hour before sunrise. One hour after sunrise, standby hunters present at the check station will be randomly selected to fill any empty slots. Standby hunters not selected at the sunrise drawing, may continue to wait in the check station parking area. As hunters leave for the day, their slots will be randomly filled from the standby hunters present. A standby hunter, who is granted permission to hunt on the first day of the hunt session, will still be a standby hunter on the second day and must wait to be selected before hunting. The exception to this will be for standby hunters filling a canceled hunter's slot.

#### Updated Hunter Incentive Program

Hunters who harvest at least one doe 1.5 years or older during the 2013-2014 will be issued a special refuge buck slip that will be valid for the rest of the hunting season. Please note that special buck slips issued during the archery season will not be valid during the shotgun season. This incentive will replace the preferential selection status that was offered during the 2012-2013 season. Hunters who earned the preferred status during the 2012-2013 season will still receive preferential selection status during the 2013-2014 lottery. Eligible hunters will receive a separate letter with special application instructions.

### **Application Information**

All hunters are required to complete the enclosed written orientation examination answer sheet and return it along with your hunt application to the refuge postmarked by August 16, 2013. The orientation exam can be taken only one time each year. All answers can be found in the material contained in this orientation packet.

In addition to the New York State Hunting license, all participating hunters must obtain a refuge permit. Refuge permits will be issued to those hunters that answer at least 90% of the orientation exam questions correctly (50 out of 55) and are selected during the hunt lottery. **If you fail to score at least 90% on the written exam, or if you do not return your hunt orientation exam answer sheet, along with your hunt application, postmarked by August 16, 2013 you will not be allowed to hunt on the refuge during the 2013 - 2014 deer season.**

Refuge permits are not transferable. **Selected hunters who will not be attending their assigned hunt session must notify the refuge no less than one business day prior to the hunt session. Failure to do so will result in that hunter's ineligibility to participate in the deer hunt the following year.** Additionally, permitted hunters are not allowed to bring friends or relatives with them during scouting or hunting days. However, youth hunters must be accompanied by a non-hunting adult who has a valid New York State hunting license during scouting and hunting.

### **Background Information**

The Wertheim National Wildlife Refuge covers about 2,550 acres along the Carmans River. Approximately 1,600 acres of the refuge provide habitat for white-tailed deer (the rest is primarily open water, salt marsh, and buildings/roads). Currently our deer population ranges from 50 to 60 deer per square mile depending on the time of year and deer movement on and off the refuge. At higher densities, deer can over browse the available vegetation and, therefore, degrade habitat for other species. Deer-car collisions and deer browsing ornamental plantings in the adjacent residential areas become more serious problems at high deer densities. Our goal is to maintain the deer population at 20 to 30 deer per square mile and the ratio of antlerless to antlered deer, 3:1.

We try to offer a high quality hunting experience. Hunter numbers in the various units are low compared to many places on Long Island. For example, we plan to have approximately 1 archer for every 40 acres.

### **General Information for 2013–2014 Deer Hunting:**

The refuge is entirely within Suffolk County and the Town of Brookhaven. Please keep in mind that other outdoor enthusiasts may be using the Carmans River during the hunting season. Extreme caution should be taken when hunting near the river. Refuge nature trails will be closed to non-hunters during the hunting periods. If you need to contact our office in case of an emergency, or to report a hunting violation, the phone number (631-286-0485) is on your refuge permit and hunting map.

Parking lots are assigned and refuge parking permits must be displayed face up on the dashboard of your vehicle. Hunters may not block access roads. Hunters are required to check in upon first entering the area each day and must check out before leaving at the end of each day. The refuge entrance gate and parking lots do not open until 1 hour before sunrise. Please do not block the refuge entrance gate or Smith Road.

All hunting units on the refuge will be open for scouting between 8:00 a.m. and 4:00 p.m. on October 12<sup>th</sup>, November 9<sup>th</sup>, December 7<sup>th</sup>, and January 4<sup>th</sup> (for selected shotgun hunters only). Please obey the posted speed limits on the roads. During scouting, hunters must park in their designated parking area (with their refuge parking permit displayed face up in the vehicle dashboard) and may only scout the hunting unit that is assigned to them. Hunters must carry their New York State hunting license and refuge hunting permit with them during scouting days.

As a reminder for hunters in tree stands, the first thing you should do upon entering a portable tree stand is to fasten your safety harness. The refuge encourages hunting from tree stands because it provides a safer shooting angle and better visibility. Hunters must remove their tree stand at the end of the hunt session. The refuge also asks that hunters demonstrate courtesy by not setting up close to another hunter, and not dressing harvested deer in refuge parking lots or along refuge trails. Additionally, transporting dead deer on the hood of your car does not promote hunting and may lead to opposition to deer hunting in the surrounding communities.

During the refuge shotgun session, the southern portion of unit 3 and all of unit 5 will be closed to hunting. These areas are located on the enclosed hunt map. The southern portion of Unit 3 will be marked using red and white striped flagging. Property located south of the red and white flagging is not open to shotgun hunting.

Hunters are responsible for identifying their target before they shoot. It is recommended that hunters do not try to shoot a deer on the run to prevent inflicting a non-fatal wound. If you shoot a deer, you must make every effort to locate it and reduce it to possession.

#### **Regulations for 2013 – 2014 Deer Hunting:**

1. Hunters must check in at the refuge check station at the beginning of each hunt day and check out at the end of each hunt day, even if no deer were harvested. Hunters who have not checked in by one hour after sunrise risk losing their spot and may be ineligible to hunt during the following season.
2. Hunters may enter the refuge no earlier than one hour before the beginning of legal shooting hours and must exit the refuge no later than one hour after the end of legal shooting hours. If you have a deer down and can't get it out of the woods before sunset, you must call the Refuge Office.
3. The bag limit for both the archery and shotgun sessions is three deer per hunter. Hunters may take either **one or two** antlerless deer before taking an antlered deer. Hunters who take one antlerless deer then one antlered deer may take another

antlerless deer if time permits. Hunters may choose to take three antlerless deer and forfeit their opportunity to take an antlered deer. Antlerless deer must be checked in at the refuge check station prior to shooting an antlered deer. The Refuge does not provide New York State carcass tags. Be sure to supply your own NYS tags for the deer you harvest.

4. Hunters can take two antlerless deer before checking them in at the refuge deer check station (An antlerless deer is defined as any deer with no antlers or both antlers less than three inches in length).
5. All deer harvested on the refuge must be checked in at the official refuge deer check station. Hunters are also responsible for following New York State hunting regulations for checking deer.
6. Upon kill, hunters must complete a New York State carcass tag for each deer. Tags must be attached to deer after hunters reach their vehicle. If you fail to follow these procedures, you will be in violation of both Federal and State hunting laws.
7. Hunters must tag all deer with New York State issued hunting tags.
8. Upon checking in at least one antlerless deer at the refuge check station, you will be issued a refuge buck slip. This buck slip allows you to harvest one antlered deer on Wertheim National Wildlife Refuge only. To be eligible to shoot a buck on refuge property you must also possess a New York State issued buck permit.
9. A hunter without a refuge buck slip cannot shoot a buck and use someone else's buck slip and permit to tag it.
10. The refuge does not permit the marking of any tree, trail, or other refuge feature with flagging, paint, reflective material, or any other substance.
11. Hunters may trim branches up to a diameter the size of a quarter to place tree stands.
12. Distribution of bait and the hunting over bait is prohibited on the refuge.
13. Hunters may NOT push or drive deer.
14. Only barbless broadheads are permitted during the archery season. Please refer to the current New York State Hunting and Trapping Regulations handbook for more details.
15. Only shotguns firing a single projectile (slugs only, no buckshot) are permitted during firearm season. Hunters selected for a refuge shotgun session are required to complete the landowner endorsement form (forthcoming if you were selected

to hunt during this season) with the Town of Brookhaven before you can discharge a firearm on refuge property.

16. Hunters must have only shotgun shells loaded with slugs during the firearms season.
17. Shotgun hunters must wear in a conspicuous manner on HEAD, CHEST, and BACK a minimum of 400 square inches of SOLID FLOURESCENT ORANGE clothing. Camouflage Orange alone is NOT permitted.
18. Each hunter may only use one portable deer tree stand and it may be left on the refuge during your designated hunt period at your own risk. Hunters must attach clearly legible identification on their stands with their name, address, and phone number. The refuge will not be responsible for any stolen property. Tree stands must be removed from the hunt unit at the end of the hunt session.
19. Hunters selected to hunt in unit 5 MUST hunt from a portable tree stand.
20. You must use a safety harness and belt while hunting from a tree stand.
21. A Special Hunting Restrictions Area (“Access for Disabled Hunters Only”) exists at the White Oak Nature Trail. Hunters must carry a special refuge access permit before entering this property. Only hunters possessing a state-issued “Permit for Physically Challenged Hunters” are eligible to receive a special refuge access permit. Contact the refuge office for details.
22. Individuals utilizing the refuge are subject to inspections of permits, licenses, hunting equipment, bag limits, boats, vehicles, and their contents by federal or state law enforcement officers.
23. Hunters may not have loaded weapons (including nocked arrows) in the 500-foot no hunt buffer zone (shaded in red on the Refuge hunting map).
24. The sign below marks off the no hunting buffer (safety zone) on the refuge. Along with the signs, there is **purple blazing** on trees placed between the signs to help mark the safety zone boundary. Hunters are responsible for knowing where they are at all times in relation to hunting zones and refuge boundaries.

25. Below on the left is a sign with the National Wildlife Refuge System's blue goose symbol. That sign is used to mark the refuge's boundary. The "Area Beyond This Sign Closed," sign is a refuge sign that can only be ignored during the designated scouting days and hunting sessions.
