

UPDATES TO BITTER LAKE NATIONAL WILDLIFE REFUGE'S 2014 DRAGONFLY FESTIVAL –
FRIDAY AND SATURDAY, SEPTEMBER 5 & 6.

The Friday evening reptile program will be held, although the night stargazing will depend upon breaks in the cloud cover.

The Saturday and Sunday tours will follow a driving route which is more all-weather. Kids' activities on Saturday will be held but modified somewhat if rain becomes heavy. Saturday's exhibitors, food vendor and arts/crafts vendors will still set up under the tents, and the auditorium presentations will not be affected. Expect intermittent showers all weekend and bring your rain gear. Call the Visitor Center front desk (575-625-4011) for more information.
