

Cross Creeks General Hunting Regulations

Established in 1962, the 8,862 acre Cross Creeks National Wildlife Refuge is one of 568 National Wildlife Refuges across the country. Cross Creeks is open to hunting during specific refuge seasons for the following species: squirrel, white-tailed deer, wild turkey, and resident Canada goose. Hunters may only take coyote and beaver incidental to a scheduled refuge hunt for the species listed in this brochure with any weapon legal for that hunt. No taking of turtles, crawfish or bullfrogs on refuge. Hunting is permitted on various portions of Cross Creeks National Wildlife Refuge with the exception of those areas marked “Closed” on the map or by “Closed Area” signs on refuge lands or waters. Applicable Federal and State law and regulations apply. Mobility impaired hunters can contact the refuge office for accessible areas.

Refuge Annual Hunting Permits

Each quota or non-quota hunter, age 17 and older, must have on his person a valid State hunting license AND a Refuge Annual Hunting Permit. There is a \$15.00 fee for this permit which is valid for all quota and non-quota hunting. The permit fee is non-refundable and the permit is non-transferable. The permit is valid on both Cross Creeks and Tennessee National Wildlife Refuges.

Refuge Annual Hunting Permits can be obtained from all Tennessee (TWRA) licensing agents, online at gooutdoorstennessee.com, or on the TWRA mobile app. Please use code 064 when purchasing a refuge permit through a TWRA licensing agent.

Youth Hunters

Hunters age 6 through 16 must be accompanied by an adult 21 years old or older who has a refuge hunting permit on his person. The adult must remain in a position to take immediate control of hunting device. Multiple youth may be accompanied by a single non-hunting adult.

Quota Hunts

Deer

All refuge quota hunts require an application. See section “How to Apply.” All deer killed on the refuge must be checked at the nearest check station or online, or by TWRA’s mobile app. Make sure Cross Creeks National Wildlife Refuge is noted as “location of kill or kill code 104.”

Deer taken during the refuge quota hunt and first youth hunt are not counted in regular season bag and possession limits. Scouting during quota hunt and youth hunts is prohibited. If drawn, hunters must have on their person a quota hunt permit in addition to the Annual Hunt Permit and a valid State license.

Earn-a-Buck

This requirement is only applicable to hunters selected for the firearms quota hunt. One antlerless deer must be taken before harvesting an antlered deer. The antlerless deer can be taken on any hunt, including archery or refuge youth hunt prior to the quota hunt.

How to Apply for Quota Hunt

Online Applications

You can now apply for quota hunts online at https://www.fws.gov/refuge/Cross_Creeks. Each hunter will be required to create an account with RecAccess. You will only be required to do this once, this will make it easier to apply in future years. Each hunter will be assigned a RecAccess Identification (RAID) number that will be an individual hunter’s identification number that will remain consistent from year to year. Deadline to apply is midnight August 3rd.

Application Fee

There will be a \$5.00 application fee per hunter charged with each online quota hunt application. There are no refunds for application fees.

Please note, submissions of any person’s name more than once for the same Hunt Type will result in disqualification.

Group Applications

Up to five hunters may apply as a hunt party. One hunter will need to apply for the entire hunt party during the online application process. You will need each hunter’s RAID number in that hunt party to apply. **All application fees for that hunt party will be charged at one time to the individual applying for the party.** There are no refunds for application fees.

Hunt Area Location	Hunt Area Number	Permits Available (per quota hunt)
South Side: Northwest of Pool 5 Bridge	1	30
South Side: Southeast of Pool 5 Bridge	2	40
North Side: East of Lower Cross Creeks Road	3	30
North Side: West of Lower Cross Creeks Road	4	30

Preference Points

Hunters have the opportunity to gain preference points in the draw. Each time you apply and are not drawn for a permit you will receive one preference point. Groups or individuals with the highest average preference points will be drawn first, groups and individuals with the next highest will be drawn second, etc. until all permits are filled. After you are drawn for a quota hunt permit, your preference points equal zero. The preference points for a hunt party will be determined by taking an average of all the hunters in the party.

Drawing Notification

The drawing will be held after August 1st and notifications will be sent out on August 10th by email.

If you do not receive your notification email, be sure to check your spam folder. You can also check your status and download your permit on the refuge website at https://www.fws.gov/refuge/Cross_Creeks. You will need your RecAccess user name and password.

2019-2020 Season Dates and Regulations for Refuge Hunts
