Alligator Hunting Regulations 2017-2018

Alligator Hunting Regulations
General Provisions
Arthur R. Marshall Loxahatchee National Wildlife Refuge is part of a system of refuges administered by the U.S. Fish and Wildlife Service. Public hunting is an appropriate use of our alligator resources and is allowed on 30,000 acres of the refuge’s 143,954 acres.

This brochure contains special regulations that supplement state laws with Title 50, Code of Federal Regulations. These Refuge specific regulations are in place to protect our natural resources while providing a rewarding outdoor experience. These Refuge specific regulations may be more restrictive than, and supersede the State law. Careful adherence to these regulations and due respect for others will ensure the future of alligator hunting on Arthur R. Marshall Loxahatchee National Wildlife Refuge.

General Hunting Regulations
Season: The refuge open alligator season is concurrent with the state season. Hunting is permitted the first two weekends during Harvest Period 1 and the first two weekends during Harvest Period 2. Following the close of Harvest Period 2, the remaining weekends in October will be open for alligator harvest permits that possess unused CITES tags.

Hunt Days: Weekend days only – Friday night through Sunday.

Daily Shooting: Hunt hours are more restrictive than the State. Hunt hours will be one hour before sunset Friday night to one hour after sunrise Saturday morning and one hour before sunset Saturday night to one hour after sunrise Sunday morning.

Hunt Area: The hunting area is indicated on the map on the reverse side of this brochure and is clearly posted as open to hunting. We allow hunting in the interior of the refuge south of latitude line 26.27.130 and north of mile marker 12 and 14. We prohibit hunting from levees and areas posted as closed including the 1 mile buffer set around the boat ramps. Hunters will only use the Hillsboro Area boat ramp (Loxahatchee Road, Boca Raton) to access the hunt area.

Alcohol: The possession or use of alcohol while hunting or operating a boat is prohibited.

Entry to Refuge: Hunters will use the Hillsboro Area boat ramp (Loxahatchee Road, Boca Raton) to access the Refuge.

Licenses and Stamps: Hunters 18 years and older must be in possession of all necessary State and Federal licenses, permits, and CITES tags, as well as a Refuge hunt permit while hunting on the Refuge. They must possess an Alligator Trapping License with CITES tags or an Alligator Trapping Agent License, if applicable. All hunters must read, sign, and carry the Refuge Alligator Hunt Permit. By signing and carrying the permit the hunter is acknowledging awareness of all Refuge specific regulations.

Hunters must complete a Big Game Hunt Report and place it in the entrance fee canister each day prior to exiting the Refuge. Any unlicensed non-hunting observer may be on the boat with the licensed and permitted alligator hunter.

The Refuge Alligator Hunt Permit can be found online at www.fws.gov/refuge/arm_loxahatchee.

Methods of Take: Alligators may be taken using hand held snares, harpoons, gigs, snatch hooks, artificial lures, manually operated spears, spear guns, and crossbows. Bang sticks with non-toxic ammunition are only permitted for taking alligators attached to a restraining line.

Captured Alligators: Once an alligator is captured, it must be killed immediately. Once the alligator is dead, a CITES tag must be locked through the skin of a carcass within six inches of the tip of the tail. The tag must remain attached to the alligator at all times.
