Storms and waters of the Gulf of Mexico constantly shape Aransas National Wildlife Refuge. The tidal marshes, long narrow sloughs, grasslands, live oaks and red bay thickets provide essential habitat for resident and migratory wildlife.

Recreational opportunities abound at Aransas National Wildlife Refuge. Among these opportunities is hunting. All Texas State Hunting Regulations apply to hunting on Aransas National Wildlife Refuge. Licensed hunters are responsible for knowing and following state hunting laws. Texas state hunting laws are not listed in this brochure. For complete information, hunters are encouraged to read the *2020-21 Outdoor Annual Hunting Regulations* or contact Texas Parks & Wildlife at 800/792-1112 or www.tpwd.state.tx.us.
