

Wallkill River NWR Internship Program

- Position Title:** Biological Intern
- Number of Positions:** 1
- Salary:** volunteer position with dormitory housing
- Location:** Wallkill River National Wildlife Refuge, Sussex, NJ
- Dates of Employment:** On or around May 11 - August 14, 2015 (12 weeks, 40 hours per week)
- Qualifications:** Applicant must be at least eighteen years of age and be a U.S. citizen; have the ability to work independently and as part of a team; and have good physical ability. Bachelor's degree (or pursuing) in wildlife management, natural resources, or related field, and field work experience desired. Must have a valid driver's license. Having a personal vehicle is required (not to be used for work-related duties).
- Duties:** Interns work closely with staff and volunteers to monitor wildlife populations and manage refuge habitats. Work focuses primarily on invasive species control, habitat restoration, and surveys for threatened and endangered species (including turtles and bats). Other activities include data collection and participation in waterfowl and other surveys and assistance in refuge management actions. Interns may also plan and assist with public programs and outreach efforts as needed. Must interact effectively and positively with staff, volunteers and the public. Work schedule will be standard Monday through Friday with federal holidays off; occasionally early morning, evening or weekend work may be necessary.
- How to Apply:** Send letter of interest, resume, and contact information (phone or e-mail) for 3 references to address below (e-mail preferred.)
- Closing Date:** January 31
- Contact Person:** Marilyn Kitchell
