## How to get to Bowdoin NWR

Bowdoin NWR is located in North-central Montana, 7 miles east of the town of Malta, along Old US Highway 2. Note there is the new highway US 2 and Old US Highway 2. From US 2, watch for a brown and white Refuge directional sign just east of Malta. Turn right if travelling east on US 2 or left if travelling west on US 2, after the brown sign and follow the paved road, Old Highway 2, 6 miles to the Refuge entrance.
