

2021–2022 White-tailed Deer Hunting

Wertheim National Wildlife Refuge

It is time to apply for the 2021-2022 white-tailed deer hunts at Wertheim National Wildlife Refuge (refuge). Wertheim is a 2,688-acre wildlife refuge located on Long Island's south shore that hosts a variety of habitats including woodlands, grasslands, ponds, tidal marshes and bays. Wertheim was established in 1947 for migratory bird conservation, fish and wildlife-oriented recreation, natural resource protection and threatened and endangered species conservation.

General Information

Wertheim National Wildlife Refuge is located entirely within Suffolk County and the Town of Brookhaven. Approximately 1,600 acres of the refuge provide habitat for white-tailed deer, while the remainder is primarily open water, salt marsh, buildings and roads. The refuge population is estimated to be 50 to 60 deer per square mile, depending on the time of year, and deer movement on/off the refuge. At high densities, deer can over browse the available vegetation degrading habitat for other species, deer-car collisions, and deer browsing in adjacent residential areas become more serious problems. The refuge goal is to maintain a deer population of 20 to 30 deer per square mile and the ratio of antlerless to antlered deer at 3:1. Refuge staff encourage hunters to target does and mature bucks as identified in the DEC's "let them go and watch them grow" initiative found here <https://www.dec.ny.gov/outdoor/27663.html>.

The Carmans River, refuge trails and Wertheim Visitor Center will remain **open to the non-hunting public during the archery season**. Extreme caution should be taken when hunting near the river or refuge trails. Refuge trails and the Visitor Center will be closed to non-hunters during the shotgun season.

The refuge will no longer offer scouting days.

If you need to contact the refuge office or report a hunting violation, call the hunt phone at 631-291-5860. The number is on your refuge permit.

Access

Refuge parking lots are located (see map):
Unit 3 North: Smith Road and Probst Drive;
Unit 3 South: Smith Road and Ranch Drive;
Unit 3A: north of Havenwood Drive West on Smith Road;
Unit 5: along Montauk Highway;
Unit 4: access through 360 Smith Road maintenance gate;
Unit 6: access through 360 Smith Road maintenance gate.

Hunt unit 4 is an open unit and has access for disabled hunters. If you qualify for and are requesting handicap access you must contact the refuge office for details, 631-286-0485 ext. 2111.

During the refuge shotgun sessions, Units 3A and 5 will be available to archery hunting only, as seen on the hunt map.

All parking lots are labeled on the attached hunt map. Hunters may enter the refuge no earlier than one hour before the beginning of legal shooting hours and must exit the refuge no later than one hour after the end of legal shooting hours. If you have a deer down and are not able to get it out of the woods before sunset, you must call the hunt phone at 631-291-5860.

Parking

Although hunters are not assigned a hunt unit, hunters will not exceed the number of vehicles allowed in each designated hunter parking location. As each unit is managed for a specific number of hunters, every hunter must retrieve a “block” from the “rail” and place on the vehicle dashboard. Once all blocks have been removed from the rail, the parking area is closed. Refuge parking permits must also be displayed face up on the dashboard of your vehicle. At the end of the hunt day, every hunter must return their block to the rail.

Hunters may not block access roads, Smith Road or the entrance gates. Please limit parking and congregating at the Wertheim Visitor Center, this area is for restroom use only.

Hunters must **drive on roads** (including shared use roads and “vehicle access by permit only”) **and obey speed limits**. Hunters entering the refuge at 360 Smith Road should also take note of the shared use/pedestrian road to Units 4 and 6. Please drive carefully and obey the posted speed limit. No overnight parking.

Additional Regulations

Distribution of bait and hunting over bait, salt, or any edible attractant is prohibited on the refuge. Hunters may NOT push or drive deer.

Hunters may not have loaded weapons, including nocked arrows, in the no hunt buffer zone. Only barbless broadheads are permitted during the archery season. Please refer to the current New York State Hunting and Trapping Regulations handbook for more details. Only shotguns firing a single projectile (slugs only, no buckshot) are permitted during firearms season. Muzzleloaders and crossbows are not permitted on the refuge.

Permitted hunters are not allowed to bring friends or relatives with them during hunt days. However, a non-hunting adult with a valid New York State hunting license must accompany a youth hunter, under age 16, during hunting.

Stands and Blinds

The refuge encourages hunting from tree stands because it provides a safer shooting angle and better visibility. The refuge encourages hunters hunting from a tree stand to fasten their safety harness. Hunters must remove their tree stand at the end of their assigned hunt session. The refuge encourages hunters to demonstrate courtesy by not setting up close to another hunter.

The refuge does not permit the marking of any tree, trail, or other refuge feature with flagging, paint, reflective material, or any other substance. The refuge prohibits driving or screwing a nail, spike, or other metal object into a tree or hunting from any tree in which such an object has been driven. Hunters may trim branches up to the diameter of a quarter to place tree stands.

Each hunter may only use one portable deer tree stand or ground blind and it may be left on the refuge during your designated hunt session at your own risk. Hunters must attach clearly legible identification on their stands with their name, address, and phone number. The refuge will not be responsible for any stolen property. Tree stands must be removed from the hunt unit at the end of the assigned hunt session.

Hunters who choose to hunt in Unit 5 MUST hunt from a portable tree stand. Unit 5 is for archery hunters only. If you are unwilling or unable to hunt from a tree stand, please consider this when selecting your hunt unit.

The refuge encourages hunters to wear fluorescent orange or pink hat, vest and/or coat while hunting.

Harvesting a Deer

If a hunter shoots a deer, he/she must make every effort to locate it and reduce it to possession. The refuge encourages hunters to be respectful of the non-hunting public and to be good ambassadors of their sport. Field dressing harvested deer in refuge parking lots or along refuge trails is prohibited. Transporting harvested deer uncovered may affect the public perception of ethical hunting. Please be respectful of the non-hunting public.

The bag limit is three deer per hunter on the refuge. Upon kill, hunters must complete a New York State carcass tag for each deer. Hunters must attach tags to deer after reaching their vehicle. If a hunter fails to follow these procedures, he/she will be in violation of both Federal and State hunting laws. All deer harvested on the refuge must be reported according to NYS harvest requirements within seven (7) days by: phone 1-866-GAME-RPT (1-866-426-3778); online <https://decals.licensing.east.kalkomey.com>; or through the NY Fishing, Hunting, and Wildlife app.

Important Signs

1.

Prior to 2020-2021 Hunting season, this sign was used to designate the hunt boundary. Hunters are responsible for knowing where they are at all times in relation to hunting zones and refuge boundaries.
