Learn about the restructuring of hunting/fishing licenses

Starting March 1, 2014, hunting, fishing and ORV license prices will change. The new price structure will create a simpler, more fair and efficient license buying process. We've reduced over 200 different license types to just over 40, improving hunting and fishing opportunities through better habitat, and making trails safer for ORV riders. Find out what these changes mean for you and which license(s) you'll need next time you go hunting, fishing or ORV riding. [Learn more about the new hunting, fishing and ORV license structure.](#)
