

REGULATIONS

- Fox River National Wildlife Refuge is **not open for any public use at this time except deer hunting.**
- The Refuge is located within the **Central Farmland Deer Management Zone**; all Wisconsin state regulations for this unit are in effect. No special refuge permits are required.
- The Refuge is open in accordance to current statewide seasons and regulations. Refer to the 2020 Wisconsin Deer Hunting Regulations Publication (PUB-WM-685-2020).
- Access is restricted to an hour before to an hour after legal hunting hours.
- Parking allowed in designated parking lots only.
- Boats are prohibited on the refuge but may be used on the Fox River to access the west side of the refuge.
- Foot travel only.
- Hunters may not enter areas posted as “NO HUNTING ZONE.”
- Portable tree stands may be used but cannot be left overnight.
- Construction or use of permanent blinds or tree stands is prohibited.
- Other prohibited activities include: scouting, camping, fires in any form, littering, baiting, shining to locate or harvest deer and use of drones.
- Respect private property and know the boundaries. The refuge boundary is clearly posted with white “National Wildlife Refuge” signs.

For questions, please contact the Complex headquarters:

**Horicon NWR/
Leopold WMD Complex
W4279 Headquarters Rd.
Mayville, WI 53050
920-387-2658**

**To report a wildlife violation on the refuge
1-844-FWS-TIPS (1-844-397-8477)**

Each year across the midwest, thousands of gut piles from field dressed deer are left in the field. When those remains contain lead bullet fragments, eagles may eat lead and can die from lead poisoning.

*This season, we **encourage you to switch to lead free ammunition and be our partner in this conservation effort.** Together it is our goal to protect wildlife health on our national wildlife refuges.*
