

U.S. Fish & Wildlife Service

Meet the Pollinators

Ruby-throated hummingbird

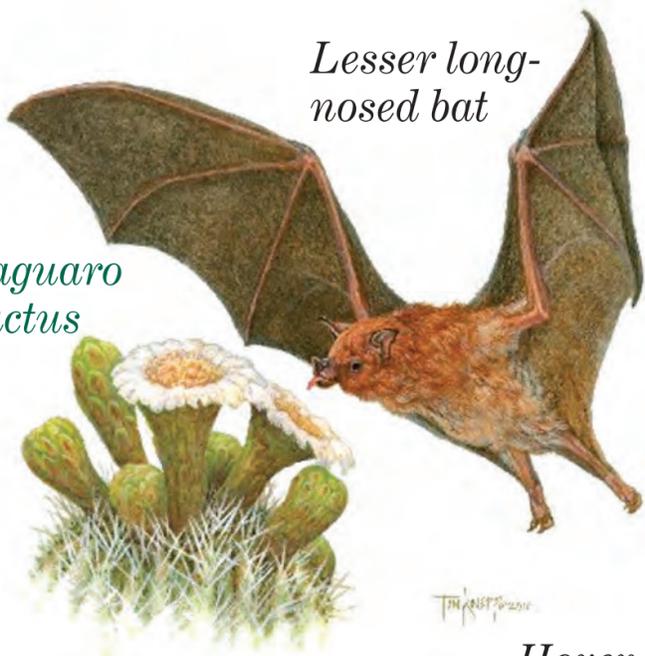

Trumpet honeysuckle

Monarch butterfly

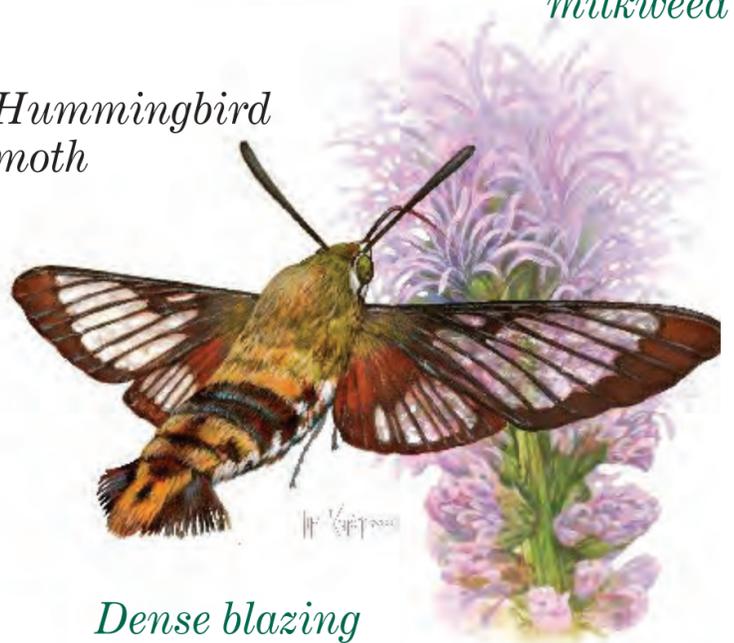

Butterfly milkweed

Lesser long-nosed bat

Saguaro cactus

Hummingbird moth

Dense blazing star

Hover fly (flower fly)

Soldier beetle

Bumble bee

Raspberry

Daisy

American black elderberry

What can you do for pollinators?

Provide habitat for nesting and egg-laying, such as:

- Shrubs, tall grasses, and low-growing plants
- Patches of fallen branches and brush
- Small patches of bare ground
- Bee nesting block
