

Monarch Walks

At Bon Secour National Wildlife Refuge

12295 State Highway 180,

Gulf Shores, AL 36542

251-540-7720

Have you ever wanted to learn more about the magnificent migration of the monarch butterfly and their fascinating life cycle? Come join Refuge volunteer, Homer Singleton, as he leads participants along the Gator Lake Trail searching for this beautiful butterfly. During the walk Homer will introduce you to the butterflies which pass through this area, their habitats and their life cycles. Participants will also be asked to help catch monarch butterflies so that they can receive tags that will allow scientists to track their migration.

The walks will start at the Gator Lake trailhead located off of Mobile Street.

Walks typically last anywhere from 2.5-3 hours and participants should come prepared to walk over 2 miles, in the soft sand, with minimal shade. Water and bug spray are highly suggested.

The walks will be limited to 15 participants; reservations can be made by calling 251-540-7720.

The monarch walks will be held on the following dates:

Friday, October 27th at 9:00 am

Friday, November 3rd at 9:00 am
