### **Road Work to Start at National Bison Range**

In preparation for chip sealing its paved roads next June, the National Bison Range is planning to do some preliminary road repairs the week of September 16<sup>th</sup>. The Visitor Center and Red Sleep Mountain Drive will remain open throughout but visitors will need to follow the detour signs. The Day Use Area may also have restrictions during this time.

We will repair cracks, fill in swales, and fix holes to make the road smoother. We will also install speed bumps in the Day Use Area to encourage visitors to follow the 15 mph speed limit that is in effect through that area, due to the high use by families and children.

You can learn the details about detours and closures as they are confirmed by visiting the Bison Range website at [www.fws.gov/refuge/national\\_bison\\_range](http://www.fws.gov/refuge/national_bison_range).

The mission of the U.S. Fish and Wildlife Service is working with others to conserve, protect, and enhance fish, wildlife, plants, and their habitats for the continuing benefit of the American people. We are both a leader and trusted partner in fish and wildlife conservation, known for our scientific excellence, stewardship of lands and natural resources, dedicated professionals, and commitment to public service.
